

Rural Health Transformation Program

RHTP – Funding Distribution

RHTP – Funding Distribution

Rural Facility and Population Factors		
Factor	Factor Type	Percentage Weight
Absolute size of rural population in a State	Data driven	10%
Proportion of Rural Health Facilities in the State	Data driven	10%
Uncompensated Care in the State	Data driven	10%
% of State population located in rural areas	Data driven	6%
Metrics that define a state as being frontier	Data driven	6%
Area of a State in total square miles	Data driven	5%
% of hospitals in a State that receive Medicaid DSH payments	Data driven	3%
Total		50%

RHTP – Funding Distribution

Technical Factors		
Factor	Factor Type(s)	Percentage Weight
Population health clinical infrastructure	Initiative-based	3.75%
Health and Lifestyle	Initiative-based State policy actions	3.75%
SNAP Waivers	State policy actions	3.75%
Nutrition CME	State policy actions	1.75%
Rural Provider Strategic Partnerships	Initiative-based	3.75%
EMS	Initiative-based	3.75%
Certificate of Need	State policy actions	1.75%
Talent Recruitment	Initiative-based	3.75%
Licensure Compacts	State policy actions	1.75%
Scope of Practice	State policy actions	1.75%
Medicaid Provider Payment Incentives	Initiative-based	3.75%
Dual Eligibles	Initiative-based Data driven	3.75%
Short-Term, Limited Duration Insurance	State policy actions	1.75%
Remote Care Services	Initiative-based State policy actions	3.75%
Data Infrastructure	Initiative-based Data driven	3.75%
Consumer-Facing Tech	Initiative-based	3.75%
Total		50%

GREAT Health

Georgia Rural Enhancement and Transformation of Health

Transforming for a Sustainable Health System

Strengthening the Continuum of Care

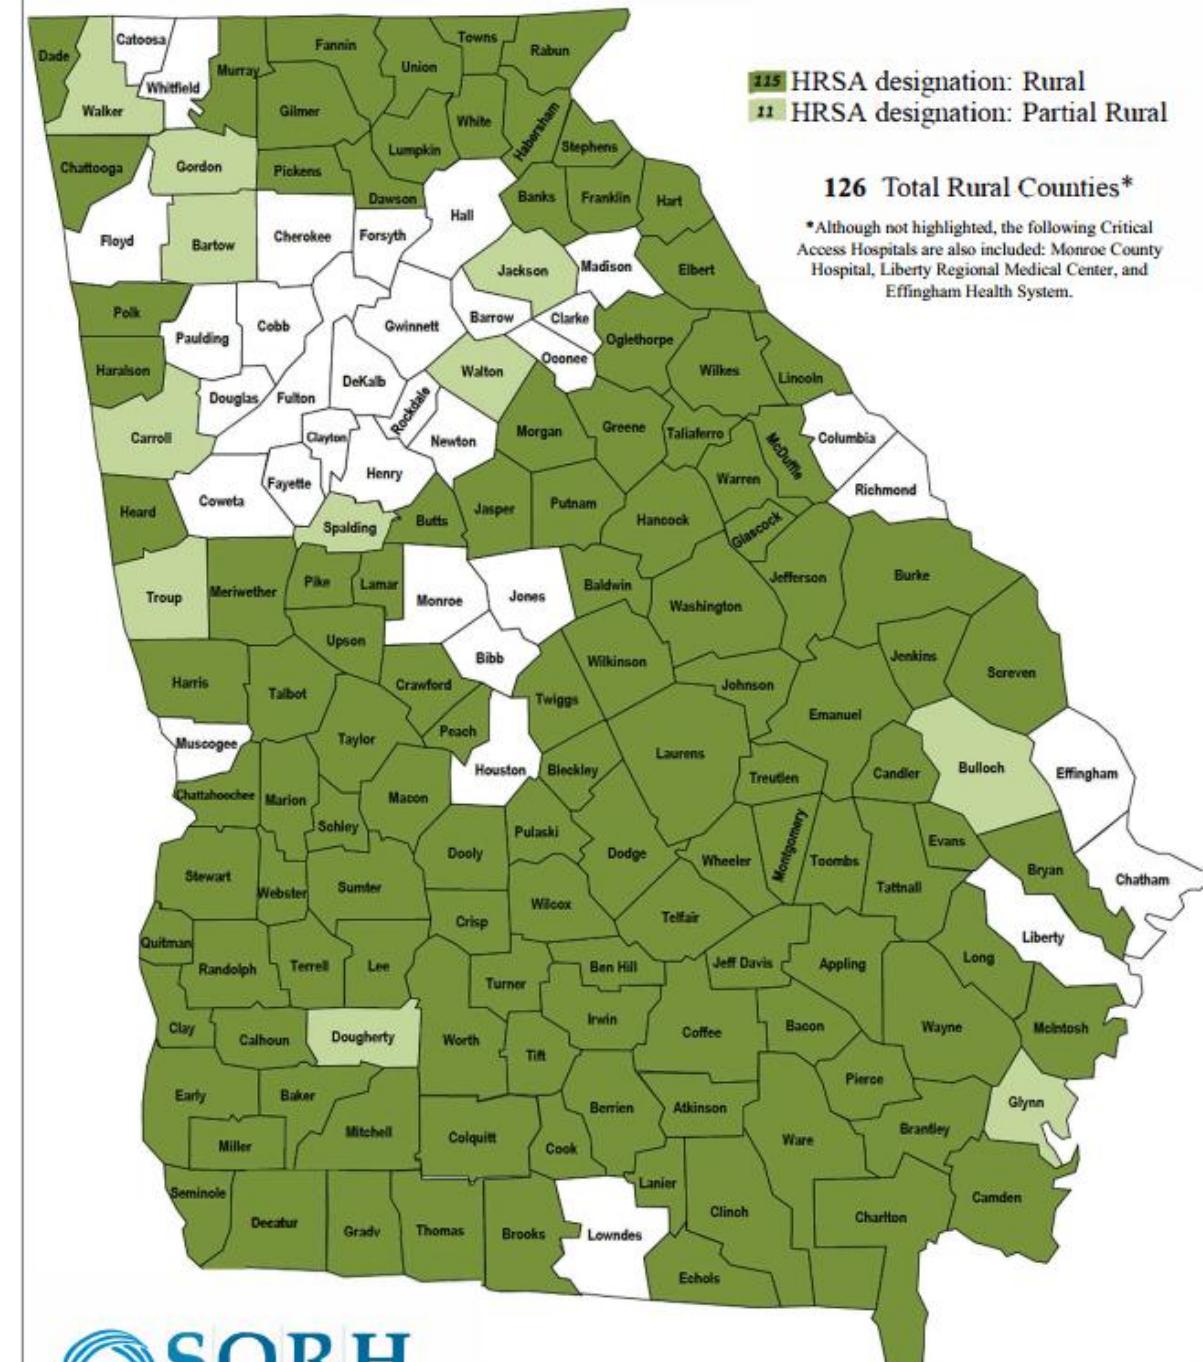

Connecting to Care to Improve Healthcare Access

Growing a Highly Skilled Healthcare Workforce

Leveraging Technology for Healthcare Innovations

GREAT Health

- 126 Total Rural Counties
- 115 Rural
- 11 Partial Rural
- 3 Critical Access Hospitals
 - *Monroe County Hospital*
 - *Liberty Regional Medical Center*
 - *Effingham Health System*

GREAT Health

Transforming for a Sustainable Health System

\$428,350,000

- ★ • AHEAD Model – Achieving Healthcare Efficiency through Global Design
- ★ • Global Budgets
 - Primary Care – total cost of care
 - Voluntary

GREAT Health

Strengthening the Continuum of Care

\$234,904,250

- ★ • **Inter-Hospital Transportation - \$10,500,000**
- ★ • **Transportation Pilot for Mental Health Crisis - \$3,750,000**
- ★ • **Emergency Preparedness – Shelter-in-Place - \$175,150,000**
- ★ • **Regional Nursing Home Transportation Enhancement - \$7,500,000**
 - **Georgia Newborn Screening Program Capacity - \$3,750,000**
 - **Support for Acquired Brain Injury - \$3,475,000**
 - **Nutrition Training for Autism Spectrum Disorder - \$279,000**
 - **Planning for Healthy Babies (P4HB) Benefit Expansion - \$500,000**
 - **School-Based Healthcare Services Infrastructure - \$30,000,000**

GREAT Health

Connecting to Care to Improve Healthcare Access

\$217,036,750

- ★ • **Telepods and Mobile Clinics** - \$17,180,000
- ★ • **Telehealth Enhancements** - \$125,000,000
- ★ • **Rural Stabilization Grants** - \$40,000,000
- ★ • **Strengthening Perinatal Systems of Care** - \$12,606,750
 - **Public Health Telehealth Infrastructure** - \$7,500,000
 - **Rural Telepsychiatry Consultations** - \$14,750,000

GREAT Health

Growing a Highly Skilled Healthcare Workforce

\$220,519,001

- ★ • **Rural GME Enhancements** - **\$148,000,000**
 - 75 new GME slots per year for 4 years
 - 12 new fellowships per year for 4 years
 - Recruitment incentives - \$250,000 for relocation and startup costs
- **Nursing Care Improvements** - **\$22,375,000**
- **AHEC Training and Housing** - **\$650,000**
- **Emergency Services Scholarships** - **\$39,100,000**
- **Telehealth Monitoring for Dementia** - **\$10,394,001**

GREAT Health

Leveraging Technology for Healthcare Innovations

\$233,349,384

- ★ • **Cybersecurity Enhancements** - \$14,200,000
- ★ • **ARCHER Tech Catalyst Fund – Advancing Access to Robust Care and Health in Rural Georgia** - \$45,000,000
- ★ • **EMR Enhancements** - \$44,000,000
- ★ • **Workforce Retention Technology** - \$20,000,000
 - **EMS Treat vs. Transport** - \$4,149,384
- ★ • **Behavioral Health State Assessment of Technology** - \$25,000,000
 - **Eligibility System Enhancements** - \$30,000,000
 - **Consumer Engagement Enhancements** - \$51,000,000
