

Learn about the Provider Relief Fund

COVID-19 financial assistance for providers of health care services and support in a medical setting, at home, or in the community

July 2020

Provider Relief Fund: Key facts for providers

Qualified providers of health care, services, and support may receive Provider Relief Fund payments for healthcare-related expenses or lost revenue due to COVID-19. Separately, the COVID-19 Uninsured Program reimburses providers for testing and treating uninsured individuals with COVID-19.

Through the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Paycheck Protection Program and Health Care Enhancement Act (PPPCHHE), the federal government has allocated

\$175 billion

in payments to be distributed through the Provider Relief Fund (PRF)

These distributions do not need to be repaid to the US government, assuming providers comply with the terms and conditions
