DAISY Award
Winner**

Brian Kilgo, nurse leader for the Emergency Department at Hospital Georgia, earned the 2023 DAISY Nurse Leader Award in December! The DAISY Nurse Leader Award was created to shine a light on those who create an environment where compassionate, skillful care thrives.

"He goes above and beyond to assist staff with needs," said the nomination. "He has great morale and can always increase the morale of staff when it's needed. The staff works harder with Brian because they know he is there to support them."
