

## **Hillside Celebrates 135 Years of Service**

Celebrating 135 years of service, Hillside, an Atlanta institution, was founded in 1888 to address the needs of homeless women and children. Pioneering social services, Hillside's legacy includes crucial mergers, community support, and a commitment to children's welfare. Evolving to focus on school-aged children in 1920, Hillside joined the Atlanta Community Chest in 1924, expanding its community impact. The establishment of Hillside Cottages in 1930 marked a commitment to nurturing environments. Today, shaped by dedicated women and community support, Hillside stands as a beacon of hope, dedicated to children's welfare and mental health services.
