## **AdventHealth Georgia hospitals among Forbes Top Hospitals in America 2026**

**Rome, GA; Chatworth, GA** – Residents of Northwest Georgia seeking medical care can have confidence that they have access to some of the highest rated care in the nation.

AdventHealth Redmond and AdventHealth Murray have been recognized in Forbes' inaugural *Top Hospitals in America 2026* list, released last week. Both hospitals earned an overall 5-star rating, distinguishing them as two of only three Georgia hospitals to achieve this top honor, out of eleven hospitals statewide that made the national list. This highlights the exceptional level of care, efficiency, patient experience, and outcomes provided by both hospitals.

Created in conjunction with health care technology and analytics firm Invalon, and guided by a panel of clinicians, researchers and patient advocates, Forbes' groundbreaking hospital rankings identified 2,500 hospitals that met strict inclusion criteria based on quality measures spanning four key pillars: outcomes, best practices, value and patient experience. Ultimately, only 253 hospitals nationwide received an overall 5-star rating.

"Our number one priority is to provide the highest level of care for our patients and our communities," said Isaac Sendros, president and CEO of AdventHealth Georgia. "I am grateful for our teams' commitment to our mission of extending the healing ministry of Christ. This recognition affirms their passion for providing exceptional care to our neighbors in Northwest Georgia and Northeast Alabama."

This announcement comes on the heels of the recent news from Leapfrog Inc, of AdventHealth Redmond achieving a 'A' by Leapfrog Inc, an independent watchdog that provides comprehensive safety ratings for hospitals.

AdventHealth remains committed to addressing critical health needs in our communities by meeting the highest standards and expanding whole-person, faith-based care. Through groundbreaking partnerships

with community organizations across Northwest Georgia, AdventHealth is ensuring that every individual experiences care that nurtures body, mind and spirit, helping people feel whole and supported in every stage of life.

#### **About AdventHealth**

AdventHealth is a connected network of care that helps people feel whole – body, mind and spirit. More than 100,000 team members across a national footprint provide whole-person care for millions of people annually through more than 2,000 care sites that include hospitals, physician practices, ambulatory surgery centers, outpatient clinics, home health agencies, hospice centers, the AdventHealth app and more. Our wholistic approach to improving the health and prosperity of our communities is inspired by our mission to extend the healing ministry of Christ.
