Carl Vinson VAMC Holds Virtual Town Hall Addressing COVID-19 Vaccine Clinics

DUBLIN, Ga.— The Carl Vinson VA Medical Center Director, David L. Whitmer, FACHE, will hold a virtual town hall via Facebook Live (www.facebook.com/VADublin) Thursday, Feb. 11 at 6 p.m. Whitmer will discuss the current vaccination plan, the opening of our newest vaccine clinic at the Georgia VECTR Center, and potential clinics to open in the future.

“We’ve made great strides in vaccinating eligible Veterans that we were able to open two additional vaccine clinics at our Macon outpatient clinic and the Georgia VECTR Center,” Whitmer said. “Our hard work and efficiency enables us to receive more of the vaccine and that will help us create more vaccine clinics in our 49-county catchment area.”

Dublin VAMC covers 49 counties and has 7 outpatient clinics located throughout Middle-Georgia in Albany, Macon, Perry, Tifton, Warner Robins (Air Force Base), Milledgeville, and Brunswick.

Whitmer will answer questions after the presentation. The town hall will be posted to Dublin VAMC’s Facebook page at www.facebook.com/VADublin along with the slide deck for those who can not attend the live broadcast

More than one million COVID-19 vaccines have been administered by the Department of Veterans Affairs. The Carl Vinson VAMC has provided approximately 6,000 vaccines to Veterans.

For media inquiries and schedule interviews, please contact Carl Vinson VAMC Acting Public Affairs Officer Jim Huckfeldt at 478-272-1210 ext. 3531 or via email at James.Huckfeldt@VA.gov.
