

Crisp Regional Athletic Trainer Receives National Servant's Heart Award

Crisp Regional Health Services is proud to announce that **JP Hamilton, ATC**, has received the prestigious **Servant's Heart Award**, presented during the National Athletic Trainers Association (NATA) Clinical Symposia & AT Expo in Philadelphia.

JP accepted the award while proudly representing the **Southeastern Athletic Trainers' Association (SEATA) District Nine**, which includes athletic trainers from Georgia, Alabama, Florida, Kentucky, Louisiana, Mississippi, and Tennessee.

The Servant's Heart Award recognizes athletic trainers who exemplify selfless service, compassion, leadership, and an unwavering commitment to improving the lives of others. The honor is reserved for individuals who consistently place the needs of their athletes, patients, colleagues, and communities above their own.

As a member of the Crisp Regional Health Services team, JP serves as an athletic trainer in partnership with the Crisp County School System, providing comprehensive sports medicine services to local student-athletes. From injury prevention and emergency care to rehabilitation, education, and return-to-play guidance, his work helps ensure that student-athletes receive high-quality care while participating safely in school athletics.

JP's commitment extends well beyond the sidelines. Through his professionalism, compassion, and dedication to serving young people, he has earned the trust and respect of student-athletes, coaches, parents, educators, and fellow healthcare professionals throughout the community.

"We are incredibly proud of JP for receiving this national recognition," said Steven Gautney, CEO of Crisp Regional Health Services. "This award reflects not only his outstanding commitment to the athletic training profession, but also the exceptional care and service he provides to the student-athletes of our community each day. His work exemplifies our mission of improving the health and well-being of those we serve."

Crisp Regional Health Services congratulates JP Hamilton on this well-deserved honor and thanks him for his continued dedication to the health, safety, and success of our local student-athletes.
