Dublin VA upgrades health care infrastructure

Dublin, GA – The Carl Vinson VA Medical Center today announced it will begin infrastructure upgrades to ensure safe and effective patient care.

These projects are part of a record [\\$4.8 billion in nationwide VA spending](#) to modernize, repair and improve department health care facilities in fiscal year 2026 via the Veterans Health Administration’s Non-Recurring Maintenance program.

Carl Vinson VA Medical Center improvement projects for the first quarter of fiscal year 2026 are:

- EHRM Infrastructure Data Center Upgrades

“Improved facilities, equipment and infrastructure mean better care for Veterans, and these funds will enable Dublin VA to achieve that goal,” said Chandra Miller. “Better care for Veterans is our goal, and these projects will enable us to achieve just that.”

These infrastructure investments are part of a host of important initiatives to improve VA during the second Trump Administration. Since Jan. 20, 2025, VA has:

- Reduced the backlog of Veterans waiting for VA benefits by [60%](#).
- [Eliminated the backlog of Veteran families waiting for VA health care.](#)
- [Processed record numbers of disability claims](#), reaching an all-time fiscal-year high of [three million claims processed Sept. 30.](#)
- Opened [25 new health care clinics](#), expanding access for Vets around the country.
- Offered Veterans more than 1.9 million appointments outside of normal operating hours. These early-morning, evening, and weekend appointments are giving Veterans more timely and convenient options for care.
