## Former Patient Donates Mary Kay Packages to Southeast Georgia Health System Cancer Care Center

ST. MARYS, Georgia: November 29, 2022 – 'Tis the season of giving, and with that in mind, Christina Lowery donated 50 Mary Kay packages to the Southeast Georgia Health System Cancer Care Center in St. Marys. Her generous donation will be distributed to the Health System's cancer patients to help brighten their day during the holidays.

"I chose to work with Dr. Brantley for this donation because he is an amazing doctor and treated me like family when he performed my surgery 12 years ago," says Lowery. "He held my newborn daughter during my stay in the hospital when I needed surgery and has kept in contact with my family ever since."

According to Lowery's personal experience at the Health System, Brantley cared for her as a person, not just as a patient. "When my family lost everything during Hurricane Irma, Dr. Brantley advocated for us, spreading the word that my family needed help. He has

a heart of gold and is very passionate about breast cancer awareness, which made me want to give back."

Lowery is also very passionate about breast cancer awareness. Her grandmother was diagnosed with breast cancer, and growing up, her family participated in Relay for Life events in her honor. "This donation to the Health System's Cancer Care Center will continue my efforts to honor her memory since her passing," says Lowery.

*Community members who feel moved to give during the holidays may contact the Southeast Georgia Health System Foundation at 912-466-3360.*

### **ABOUT SOUTHEAST GEORGIA HEALTH SYSTEM**

Southeast Georgia Health System is a not-for-profit health system comprised of two acute care hospitals, two long term care facilities, two comprehensive Cancer Care Centers and multiple specialty care centers, including orthopaedic and spine care, joint replacement, breast care, maternity, outpatient rehabilitation, sleep management and wound care. The Brunswick Campus Cancer Care Center is accredited by the American College of Surgeons Commission on Cancer and is one of the few centers in Georgia to offer CyberKnife® M6 with MLC. Additionally, the Brunswick Campus is accredited by The Joint Commission as an Advanced Primary Stroke Center and the Camden Campus is accredited as an Acute Stroke Ready Hospital. The Southeast Georgia Physician Associates medical group includes more than 160 providers working in 20 different medical specialties at more than 50 locations. The Health System is part of Coastal Community Health, a regional affiliation between Baptist Health and Southeast Georgia Health System, a highly integrated hospital network focused on significant initiatives designed to enhance the quality and value of care provided to our contiguous communities.
