Hamilton Medical Center to host baby fair

DALTON, Ga. (January 12, 2026) – Hamilton Medical Center will host “Let the Adventure Begin,” a family-friendly baby fair on Sunday, March 15.

The free event will be held from 2 to 4 p.m. in the Turner Maternal and Infant Care Center on Burleyson Drive in Dalton.

“Let the Adventure Begin” is designed to connect expecting parents and families with young children with local resources, education and expert guidance – all in one place.

For more information, please call 706-272-6114.

About Hamilton Medical Center

The flagship affiliate for Vitruvian Health’s Northwest Georgia region, Hamilton Medical Center (HMC) is a 255-bed regional acute-care hospital that offers major medical, surgical and diagnostic services, including accredited stroke and chest pain centers. Advanced technology and wellness are two significant areas of focus for HMC. Services include the freestanding Hamilton Ambulatory Surgery Center, Hamilton Diagnostics Center, and Bradley Wellness Center, as well as a Level II trauma center, Peoples Cancer Institute, Heart & Vascular program (including open heart surgery), Hamilton Spine Health and Sport, Level III Neonatal Intensive Care Unit, and more.

About the Turner Maternal and Infant Care Center

Located in the Burkett Building at the corner of Burleyson Road and Broadrick Drive in Dalton, Ga., the Turner Maternal & Infant Care Center combines state-of-the-art medical technology with the comforts of home and the latest in birthing options. Each month, nearly 200 mothers-to-be choose Hamilton Medical Center’s (HMC) Maternal and Infant Care Center for their baby’s birth. The staff of highly skilled nurses and infant care specialists provide babies with the highest level of individualized care.

For newborns who have special medical needs (critically ill or premature) at birth, HMC’s Level III Neonatal Intensive Care team provides expert neonatal services in a supportive and family-centered

environment. A specialized team of nurses, respiratory therapists, neonatal nurse practitioners and board-certified neonatologists are ready 24 hours a day, 7 days a week to care for babies, whatever the need might be. Single-family rooms allow parents to stay with their newborn.
