Jourdain joins Vitruvian Health as executive vice president, chief legal officer

DALTON, Ga. (June 30, 2025) – Bill Jourdain has joined Vitruvian Health as executive vice president and chief legal officer. In this role, Jourdain will oversee all legal affairs for the organization, drawing on nearly four decades of distinguished legal experience in the healthcare industry.

Jourdain holds a bachelor's degree from Furman University and earned his juris doctor degree from Mercer University's Walter F. George School of Law. He is licensed to practice law in both Georgia and Tennessee.

With 39 years of experience in the legal community of Dalton and northwest Georgia, Jourdain has been a respected figure in the legal profession. As a former shareholder and managing partner at The Minor Firm for more than 30 years, he represented a broad array of individual and corporate clients, with a significant portion of his practice dedicated to healthcare law across north Georgia and southeast Tennessee.

Jourdain has been recognized as a Georgia Super Lawyer 11 times – a designation awarded to only the top five percent of attorneys in the state.

"Bill has been an integral part of Vitruvian Health's legal council for decades," said Jeff Myers, Vitruvian Health president and CEO. "He brings exceptional legal acumen and leadership, and we are excited to welcome him into this new role where his expertise and deep familiarity with our mission will be invaluable."

In addition to his professional accomplishments, Jourdain has been deeply involved in civic leadership in the Dalton-Whitfield community. He has served on numerous volunteer boards, including chair of the Dalton-Whitfield Chamber of Commerce in 2008, and he is a 1999 graduate of the prestigious Leadership Georgia Program. He has also led Leadership Dalton-Whitfield as both president and chairman.

“I’m honored and excited to join the Vitruvian Health team as chief legal officer,” said Jourdain. “I look forward to working more closely with an organization I have been associated with for several decades.”
