LIBERTY REGIONAL MEDICAL CENTER CELEBRATES EMPLOYEES WITH “VITAMIN SEA” APPRECIATION EVENT

HINESVILLE, Ga. – [Liberty Regional Medical Center](#) (LRMC) brought a little “Vitamin Sea” to its employees on Friday, August 28, with a beach-themed celebration designed to recognize the dedicated team members who care for patients and residents throughout the community.

The employee appreciation event was held for staff at both Liberty Regional Medical Center and Coastal Manor, giving employees an opportunity to step away from their daily routines, enjoy good food and fun activities, and spend time together as a team as they wrap up a successful summer.

“Our employees are at the heart of everything we do,” said Derek Rozier, CEO of Liberty Regional Medical Center. “They show up every day ready to care for our patients, residents and families, and we never want to lose sight of the people behind that care. Vitamin Sea was simply an opportunity to celebrate them, say thank you and remind our team how much they are valued.”

The celebration included beach-themed activities, food and plenty of opportunities for employees to relax and enjoy time with their colleagues. LRMC extends a special thank you to **Huey Magoo’s Hinesville** for supporting the celebration and helping provide food for the Coastal Manor team.

“We are incredibly grateful for community partners like Huey Magoo’s who help us show appreciation for the people who take such great care of our community,” Rozier added. “Their generosity helped make the day even more special for our Coastal Manor employees.”

The Vitamin Sea celebration reflects LPMC’s continued commitment to supporting and recognizing its employees, whose dedication makes it possible for the health system to provide compassionate, quality care to Liberty County and the surrounding region.

ABOUT LIBERTY REGIONAL MEDICAL CENTER: Liberty Regional Medical Center is a trusted, community-centered healthcare provider committed to delivering high-quality, patient-focused care to the residents of Liberty County and the surrounding region. As a vital part of the community, LPMC offers a comprehensive range of medical services supported by advanced technology, skilled providers, and a compassionate care team. Rooted in a mission to serve, LPMC is dedicated to improving health outcomes through innovation, accessibility, and meaningful community partnerships. With a focus on treating every patient like family, Liberty Regional Medical Center is proud to provide care that is not only close to home, but built for the community, by the community.
