**Subject:** Dr. Erica McVey Joins Mountain Lakes Medical Center as Audiologist

Clayton, GA – Mountain Lakes Medical Center is pleased to welcome Dr. Erica McVey, AuD, CCC-A, to our esteemed team of healthcare professionals. Dr. McVey brings a wealth of expertise in diagnosing and treating hearing and balance disorders in both adult and pediatric patients.

Dr. McVey earned her Doctorate of Audiology from The University of Texas at Austin and completed her extensive clinical training at Baylor Scott and White Medical Center and McLane Children's Specialty Hospital in Temple, Texas. She is board-certified by the American Speech-Language-Hearing Association and holds licensure in both Georgia and North Carolina.

With a deep passion for early childhood hearing education and intervention, Dr. McVey specializes in vestibular assessment, hearing aids, and aural rehabilitation. Additionally, she is fluent in American Sign Language, further enhancing her ability to serve a diverse patient population.

Outside of her professional work, Dr. McVey enjoys distance running, baking, and spending quality time outdoors with her husband and four children. She looks forward to contributing her skills and expertise to the beautiful Rabun County community.
