Southeast Georgia Health System Urges Community to Support Life by Registering as Organ Donors

BRUNSWICK, Georgia: April 4, 2025 – Southeast Georgia Health System is proud to announce its continue support of the Donate Life campaign, an initiative dedicated to raising awareness about organ donation and encouraging individuals to register as donors.

With thousands of people across the country waiting for life-saving organ and tissue transplants, the Health System is committed to addressing the critical need for more organ donors. As part of the Donate Life 2025 campaign, the Health System aims to inspire and empower community members to make a difference by registering as organ donors.

“Every day, people—including those in our communities— are waiting for a second chance at life through organ donation,” says Jan Jones, RN, BSN, director, Critical Care, Southeast Georgia Health System. “Without generous organ and tissue donations, thousands of people face life-threatening challenges. By joining the Donate Life campaign, we hope to increase awareness and encourage more individuals to consider the powerful impact they can have by becoming organ donors.”

Residents can join Georgia’s state organ and tissue donor registry in a variety of ways:

- By visiting [DonateLifeGeorgia.org](https://www.DonateLifeGeorgia.org)
- While obtaining/renewing a driver’s license or identification card at a local driver’s license office.
- While obtaining a hunting, fishing or trapping license through the Department of Natural Resources (DNR).
- By calling Donate Life Georgia directly at 1-866-57-SHARE (1-866-577-4273) and request a registry card.

LifeLink of Georgia is a not-for-profit organization committed to serving our community by facilitating the recovery of organs and tissues for transplantation. For inquiries about organ and tissue donation, please visit [LifeLinkFoundation.org](https://www.LifeLinkFoundation.org) or call 800-544-6667.

ABOUT SOUTHEAST GEORGIA HEALTH SYSTEM

Southeast Georgia Health System is a not-for-profit health system comprised of two acute care hospitals, two Cancer Care Centers and multiple specialty care centers, including orthopaedic and spine care, joint replacement, breast care, maternity, outpatient rehabilitation, sleep management and wound care. The Brunswick Campus Cancer Care Center is accredited by the American College of Surgeons Commission on Cancer and is one of the few centers in Georgia to offer CyberKnife® M6 with MLC. Additionally, the Brunswick Campus is accredited by The Joint Commission as an Advanced Primary Stroke Center and the Camden Campus is accredited as an Acute Stroke Ready Hospital. The Southeast Georgia Physician Associates medical group includes more than 160 providers working in 20 different medical specialties at more than 40

locations. The Health System is part of Coastal Community Health, a regional affiliation between Baptist Health and Southeast Georgia Health System, a highly integrated hospital network focused on significant initiatives designed to enhance the quality and value of care provided to our contiguous communities.
