AUGUSTA, Ga. (Feb. 9, 2021) – Eligible individuals, including those ages 65 and older, can now register to receive the COVID-19 vaccine at the Washington Square shopping center, operated by [Augusta University Health](#). Current eligibility is limited to Georgia residents meeting criteria for the Georgia Department of Public Health’s Phase 1a+.

Registration must be completed in advance on the AU Health website at covid.augustahealth.org/vaccine. Walk-up and telephone appointments are not available. As vaccine is made available, new appointment dates and times will be available online. If all locations are full, eligible individuals should check back frequently as new appointment dates and times will be posted around 4 p.m. daily.

Individuals scheduled for an appointment are asked to arrive at their scheduled time. Those who arrive early should wait in their car until their appointment time.

Traffic flows will also be adjusted when the clinic is open. Beginning Feb. 10, vehicles will not be able to exit the Washington Square shopping center at Bertram Road between the hours of 8:30 a.m.-4:30 p.m. Drivers are asked to follow directional signs and arrows and use the exit located adjacent to Subway. All vehicles exiting Washington Square shopping center at this location can only turn right.

To date, AU Health has administered more than 18,000 vaccinations through its locations in Georgia and [South Carolina](#). Earlier this month, [Augusta National Golf Club](#) allowed use of the Washington Square shopping center by AU Health to help expand its ability to administer COVID-19 vaccinations throughout the community.
