Morris Bank Donates \$150,000 Through Georgia HEART Hospital Partnership

Funds will support Navicent Health Baldwin in providing high-quality patient care

MILLEDGEVILLE, Ga., April 29, 2021 – Navicent Health Baldwin is pleased to announce its receipt of a \$150,000 donation from Morris Bank in partnership with the Georgia HEART Hospital Program. Leaders from the two institutions participated in a check presentation ceremony Wednesday.

“Thank you to Morris Bank for their generosity and assistance in our mission to elevate the health and wellness, elevate hope and advance healing for patients in the Milledgeville and Lake Oconee region and beyond,” said Atrium Health Navicent President and CEO Delvecchio Finley.

Morris Bank, a community bank rooted in Middle and South Georgia with branches in Dublin, Gordon, Gray, Houston County and Bulloch County, has recently opened a new Mortgage Services Center in Milledgeville. In an effort to give back and support the communities it serves, Morris Bank partnered with the Georgia HEART Hospital Program to assist Navicent Health Baldwin in serving area families.

“We are excited to be a part of the Milledgeville-Baldwin County area and to have this opportunity to support a cause that’s so vital to the community,” says President and CEO of Morris Bank, Spence Mullis. “Quality healthcare has such an impact on all industries, and we are fortunate to be able to support Navicent Health Baldwin as they continue to serve and support this community.”

Navicent Health Baldwin, a 140-bed acute care facility located in Milledgeville, provides 24/7 emergency services, radiology services, women’s services and general medical and surgical services to residents living in Baldwin and surrounding counties.

“This gift will help Navicent Health Baldwin through supporting ongoing operations and equipment upgrades as we provide high-quality patient care,” said Navicent Health Baldwin CEO Todd Dixon.
