UPDATED VISITOR GUIDELINES
South Georgia Medical Center is taking additional steps to protect patients, family members, staff and the community from the transmission and community spread of the COVID-19 coronavirus.

WHAT YOU CAN EXPECT WHEN YOU ARRIVE

VISITOR SCREENING
Visitors can expect to receive a temperature screening and be asked the following questions?
• Do you have respiratory symptoms such as cough or shortness of breath?
• Have you been in contact with someone known or suspected to have COVID-19 within the last 14 days?

If you have a temperature of 100.0˚ or above or answer "yes" to any of the above questions, you will not be allowed to visit.

• We will conduct a brief screening of every visitor.
• Visitors will receive a visitor authorization badge.
• Visitors must use hand sanitizer upon entering and exiting the hospital and patient rooms.
• No visitors under the age of 18.
• No more than two visitors per patient, and no overnight stays.
• Emergency Department and Intensive Care Units: No visitors in patient rooms, waiting areas only.
• Visitor exceptions may be granted in special circumstances.

VISITOR ENTRANCES
The main entrance to the hospital has been moved to the parking deck entrance. Other entrances are identified in the map below.

For your safety and the safety of others, do not enter the building if you are feeling sick unless you are seeking medical care.

SGMC’s top priority is to provide the safest environment possible for our patients, visitors, employees, physicians and volunteers. These guidelines were updated on March 20, 2020 and are subject to change at any time.
